

South Bay Regional Public Safety Training Consortium

Rental Gear Specifications

The following is the South Bay Regional Public Safety Training Consortium *Fire Programs* Rental specification. In order to maintain compliance with NFPA and OSHA requirements, all students will be required to rent gear that meets these specifications. Turnouts must be in possession of the student and brought with them on Orientation Night (order your gear ASAP to ensure proper fit). Students are wholly responsible for the terms of the contract including returning all gear within 7 days of the end of the academy. If you have not worn gear before, we suggest the following guidelines for sizing your coat and pant. Add 4" to your normal jean waist size and add 4" to your normal chest size.

Coat specifications

1. Coats must be in compliance with NFPA 1971 and NFPA 1851
2. NFPA 1851 documentation must be provided within 24 hours of request being made
3. Coats must have a Gold Outer shell
4. 3" lime T/T NYC style trim
5. Coat must have gold Arashield cuffs for abrasion resistance
6. Coat must have a glove holder

Pant specifications

1. Pants must be in compliance with NFPA 1971 and NFPA 1851
2. NFPA 1851 documentation must be provided within 24 hours of request being made
3. Pants must have a Gold Outer shell
4. 3" lime T/T on cuff of pant
5. Pants must have padded Gold Arashield knees
6. Pants must have Gold Arashield cuffs
7. Pants must have suspenders

Glove specification

1. Gloves must be new Shelby style 5227 or equivalent
2. Gloves must be in compliance with NFPA 1971 and NFPA 1851

Hood specification

1. Hood must be new Majestic brand Nomex fabric or equivalent
2. Hood must be in compliance with NFPA 1971 and NFPA 1851
